

# ALLIES AGAIN SMASH HINDENBURG LINE

## BRITISH PENETRATE ENEMY DEFENSES TO A DEPTH OF THREE MILES

### BULLETIN

**BRITISH HEADQUARTERS IN FRANCE, Sept. 18.—**Reuter's.—Epehy has been captured by the British, according to information received at headquarters but not yet officially confirmed.

WITH THE BRITISH ARMY IN FRANCE, Sept. 18.—By the Associated Press.—The British troops made a powerful attack against the German lines west and northwest of St. Quentin with most important results. A deep advance into the enemy territory strengthened the already powerful grip the British have on St. Quentin one of the most strongly defended parts of the Hindenburg line.

To the south the French co-operated in what is likely to prove an operation of vast portent with respect to the Hindenburg defensive position.

The zone involved in the British movement lay roughly between Holnon on the south and Gouzeaucourt. Within a few hours Peziere, Templeux, Le Guerard, Epehy, Ronssoy and Villert were behind the advanced British forces and bitter fighting was in progress at many other points in the forward zone. More than 3,000 prisoners have already been sent back to the cages.

The advance thus far recorded—in some places more than two miles—means that the British have at numerous points gained the crest of the ridge along which their old front line ran prior to the German offensive and from their new positions were looking down on the Hindenburg line in the valley to the east.

That hard fighting would be encountered in this sector was a foregone conclusion. The main enemy opposition came from machine guns and artillery. The counter-barrage which the Germans sent over in reply to the British bombardment was much more severe than the enemy had been able to provide in the recent fighting, and, as an additional new feature the Germans maintained a heavy barrage over the back areas with high velocity guns which he had concentrated for the purpose.

The shelling of the back areas during an attack is to be expected but a barrage has seldom before been attempted and then without great success. The German infantry surrendered quite frequently in places. In fact in the center of the attack where the Australians were working, a considerable number of gray coats deliberately charged thru the British barrage to give themselves up.

Today's operation cannot be considered as a major operation as compared with recent battles. The objectives sought, however, were important both from the defensive and offensive standpoints.

The assault began at dawn. Unfortunately rain began to fall about two o'clock and when the British went over the top the ground was already slimy and hard to negotiate especially when the ridges were reached and the men had to charge up them. Tanks accompanied the troops and rendered invaluable service in the early stages of the conflict which waxed warm from the start.

The British preliminary bombardment was brief and was followed by the customary barrage from the protection of the advancing infantry. The Germans immediately replied with a vicious fire from large numbers of guns concentrated behind St. Quentin canal.

Airplane observation was virtually impossible during the first hours of the fighting from either side so that the gunners were shooting by map and were therefore greatly handicapped.

On the north Pieziere and a strongly fortified sugar factory to the northeast were taken by storm after hard fighting. Epehy proved a tough nut to crack. Here the famous Alpine corps had been brought up and the German army boasts no better troops than these.

It was futile to attempt a frontal attack against this place, which was fairly bristling with machine guns. The British accordingly worked about it to the north and south and squeezed it out.

In the center the Australians had to fight for every inch of ground they took but they pushed steadily forward until they reached the crest of the ridge. By 8:30 o'clock the Australians had already taken a total of 500 prisoners. Most of these were Bavarians and men of the first German reserve division and they appeared to be of a poor class of men as they came straggling back disconsolately thru the drizzling rain. One of the hottest engagements took place just south of Leverguir, where the Germans had fortified themselves in a mill. This stronghold was surrounded and 180 of the garrison were forced to surrender. On the right flank there was equally hard fighting. Holnon had been taken yesterday as a preliminary to today's attack and from this point the British went forward. No great advance was expected in this zone however, as the line had already been pushed forward practically to the old positions.

Last night German airplanes were busy bombing the St. Quentin sector and the enemy utilized a number of new type of huge size.

Three of these were shot down east of Peronne. They were capable of seating eight men. The most astounding thing about them however, was that they carried bombs thirteen feet long which contained 2,000 pounds of explosives. This is by far the biggest bomb the Germans have yet produced.

**French Assist in Attack**  
Paris, Sept. 18.—The French attack on the right of the British in the St. Quentin sector resulted in an advance of a mile and a third along a six mile front, according to the war office announcement tonight.

"Our troops, co-operating with the British progressed west of St. Quentin. We advanced our lines two kilometers between Holnon and Essigny-le-Grande on a front of ten kilometers. "We reached the western outskirts of Francilly-Selency and captured Savy wood and Fontaines-Clercs. We hold the southern outskirts of Sontescourt. We have taken several hundred prisoners in this operation. We made progress to the west of Juy, north-west of Soissons. The enemy strongly counter-attacked on the plateau to the east of Allennant. We drove him back and gained more ground taking 130 prisoners."

### Haig's Report

London, Sept. 18.—The British have penetrated the enemy's defenses northwest of St. Quentin to a depth of three miles and captured more than 6,000 prisoners. Field Marshal Haig reported to-night. The British have captured

(continued on Page 4)

## West Virginia Man Appointed to Succeed Page

WASHINGTON, Sept. 18.—John W. Davis of West Virginia, solicitor general of the United States, who has been selected by President Wilson to succeed Walter Hines Pages as ambassador to Great Britain has reached Switzerland and it was announced today that the American delegation at the Berne conference between American and missions on the treatment and exchange of prisoners of war.

It was learned at the state department that the appointment of Mr. Davis will not interfere with his work on the Berne conference. When the conference is completed Mr. Davis will return to the United States before proceeding to London to assume duties as ambassador. In the meantime, it is understood Mr. Page will leave shortly for the United States, although no exact information regarding the date of his departure has been received from him. Appointment of Mr. Davis was applauded in the house today when Democratic Leader Kitchen and Republican Leader Gillette spoke in commendation of his selection.

While Solicitor General Davis argued a number of important cases in the supreme court including those involving constitutionality of the selective service act, and the Adamson eight hour law, the government won both cases. Among the anti-trust suits which he has argued for the government were the International Harvester, United States Steel and Anthracite Coal cases. Other notable supreme court cases defended by Mr. Davis were the railway mail pay and import customs suits, several cases involving constitutionality of the 1913 income tax law and the co-called pipe line cases involving constitutionality of the interstate commerce commission act. Mr. Davis is married and has one daughter now attending college.

## BURGLAR HOLDS OFF FIFTY DETECTIVES

CHICAGO, Sept. 18.—After more than an hour's battle between fifty detectives armed with rifles and a burglar barricaded in an apartment in the heart of the fashionable Lake Shore Drive district, the intruder was shot thru the leg and captured late this afternoon.

Trapped while ransacking a flat in the Alameda Apartments, the robber opened fire with a pistol on several policemen who had surrounded the building and forced them to retreat. Six automobiles filled with armed detectives were rushed to the scene and the battle continued.

Bullets flying thick and fast thru the neighborhood attracted more than a thousand spectators who disregarded the danger to witness the contest. After hundreds of shots had been fired one of the detectives entered the flat and found the robber, who said his name was Max Miller, wounded.

## TANKS TOO MUCH FOR GERMANS

AMSTERDAM, Sept. 18.—The Frankfort Zeitung's correspondent telegraphs the following from the west front under date of Sept. 16:

"The Franco-American attack at St. Mihiel is now seen to have been a carefully planned undertaking of considerable magnitude. The number of attacking enemy divisions is not yet known for certain, but we know that our losses in prisoners is due to the extensive use by the enemy of tanks. More than 1,000 armored cars of all sizes participated.

"One of our divisions counted in its sector alone sixty large and forty small tanks. Troops who hold out stoutly in their position are always liable to be surrounded by this mobile army."

## DENIES CHARGE

New York, Sept. 18.—Frederick W. Howe, United States immigration commissioner in New York tonight denied the charge made in the senate yesterday by Senator Lodge that he was the author of pro-German writings.

"I do not think it is necessary for me to state that my stand in the present war is American thru and thrus," Mr. Howe said. "Never by any writing did I endeavor to uphold the Germans. I am opposed to all their motives."

## SICK SOLDIERS

Washington, Sept. 18.—During the week ending Sept. 14th 884 sick and wounded soldiers of the American expeditionary forces were landed in the United States, the war department announced today. There were 447 landed in the preceding week.

## WILL BE BURIED AT OLD HOME

Rockford, Ill., Sept. 18.—General Lloyd Wheaton, whose death occurred in Chicago, will be buried in this city on Saturday. Rockford was his boyhood home.

## STATEMENTS

Official Communications Issued By Belligerent Countries Regarding War Situation.

ROME, Sept. 18.—The official communication from Italian headquarters today says:

"North of Monte Grappa five enemy counter-attacks, in an effort to retake ground at the head of the Seren Valley, were repulsed. The number of prisoners taken in minor operations between Cocco Valley and Col Del Orso yesterday morning was 442. Twenty machine guns were also taken.

"On the slopes of Monte Nozolo southeast of Mori, there was lively fighting between reconnoitering parties. In the Ordic valley a hostile outpost was captured. "The enemy was particularly active along the Piave in the Montello region and near Fagari."

PARIS, Tuesday, Sept. 17.—The war office announcement respecting the operations on the western front says:

"To the west of St. Quentin our troops made progress during the course of the day in the neighborhood of Holnon and Savy; we took about 50 prisoners. "Between the Ailette and the Aisne, we enlarged our gains, local attacks enabling us to advance on the plateau north and east of Allennant. We took about 100 prisoners.

"This morning we occupied a strong point of support held by the enemy east of Sancy. The number of bodies found by us north of Laffaux indicates the heavy losses suffered by the enemy in the recent fighting in this region. On the Vesle front the Germans thrice counter-attacked our positions in the neighborhood of Glennes and were repulsed each time with heavy losses.

"Aviation: On Sept. 16, eight enemy planes were brought down or damaged and one captive balloon was burned. Eight bombing machines, notwithstanding the storm dropped ten tons of projectiles on enemy stations, bivouacs and aviation grounds; several fires broke out."

## WASHINGTON, Sept. 18.—Five

American planes are missing as a result of an attack by a superior German force during a bombing expedition in Lorraine. General Pershing reported in today's communiqué received to-day by the war department. With the exception of artillery activity in Lorraine and Alsace the American sectors remain inactive.

The text of the statement reads: "Headquarters American Expeditionary Forces, Sept. 18. "Section A.—Aside from artillery activity in Lorraine and in Alsace there is nothing of importance to report from the sectors occupied by our troops.

"In the course of a bombing operation in Lorraine our aviators were attacked by superior forces. Five of our machines are missing."

## BERLIN, Sept. 18.—Via London

—The text of the German statement issued today covering operations on the west front says:

"(First section missing) "Between the Ailette and the Aisne the French continued their attacks. In the forenoon they pressed forward between Vauxaillon and Allennant and during the afternoon after the strongest fire on the whole front they made thrust with strong forces in the region south of the LaFaux-Charvonn road. The enemy temporarily penetrated our lines but was driven back by a counter-thrust.

"Enemy attacks directed against the remainder of this front failed before our lines.

"There was minor reconnoitering engagements on the Lorraine front by the enemy. "Angelo—French attacks were carried out on a wide front from Havrincourt wood to the Somme. Counter-attacks are now progressing against our enemies who penetrated in the center of the battlefield between Hargicourt and the Omignon rivulet.

"On the rest of the front enemy attacks failed. We are fighting everywhere west of our old Siegfried positions."

VIENNA, Sept. 18.—Via London —Italian forces delivered five attacks yesterday on the Tasson ridge, on the Italian mountain front, but were driven back each time, according to today's war office statement.

The statement reports likewise the repulse of Italian attacks in Albania, near the coast. Austrian lines inland on this front have pushed forward to the south of the Berat ridges the report adds.

## MUST CONSERVE ON STRAW HATS

Washington, Sept. 18.—Men's straw hats are the subject of the war industries board's latest conservation order. Manufacturers were ordered today to introduce no new styles next season, to turn out no more than enough to meet the estimated demand and to restrict the height of crown, weight of brim and trimmings.

## U.S. TANKS PLAY BIG PART IN ST. MIHIEL ATTACK

### Operate Against Germans for First Time On Large Front

WITH THE AMERICAN ARMY ON THE LORRAINE FRONT, Sept. 18.—By the Associated Press.—Squadrons of American manned tanks, operating for the first time on a large scale in the attack on the St. Mihiel salient, played an important and dramatic part in the defeat of the Germans.

Divided into brigades—light, intermediate and heavy—the tanks swung out onto the field of battle immediately after the barrage. Before the day ended they had entered the villages of Pannes, Lamarche, Noyard and Binney, considerably ahead of the infantry. Early in the action difficulties were experienced in getting to the front sufficient gasoline, although a great fleet of gasoline tanks had been prepared to carry supplies. The gas tanks were attacked by the enemy or were mired and it was here that American ingenuity came to the rescue.

Barrels of gasoline were trundled and rolled over the roadless fields by daring volunteers to meet the most pressing needs. Bobsleds, curiously enough were found more efficient than wagons in carrying supplies since they could be dragged over the mud without being mired and on them hundreds of gallons of gasoline were conveyed to the fighting tanks.

The advance of the tanks brought out many examples on the part of their crews.

One major whose machine was equipped with a 37 millimeter gun instead of a machine gun, violated his orders and went far ahead until he was within range of Noyard. With one well placed shot he knocked two Germans out of a church steeple from which they were firing a machine gun.

A lieutenant shot thru the palm of the left hand by an explosive bullet was sent to a hospital but escaped and walked six miles back to the field. He appeared at his tank with the statement that he could "carry on" with his right hand.

Several others were wounded but remained on duty. No one was killed, however, even though a German six inch shell plowed clear thru a small tank, destroying it, but injuring only one of the crew. Another tank captured a battery of "seventy-sevens" but was so far ahead of the infantry it could not turn over the guns to them. The story is told of another tank which went into a town with a sergeant armed with a rifle perched on the turret. This machine captured two batteries of "seventy-sevens", five machine guns and many men.

Tanks were occasionally as much as two miles ahead of the infantry, throwing consternation into the Germans. Part of this success which attended their share in the battle undoubtedly was due to the intensive training given drivers who are taught to operate the machines blindfolded, guided only by signals from the gunners.

This sometimes is necessary when the drivers are blinded temporarily by splashes of mud. For several days before the offensive the tanks which were to take part were maneuvered into an interior town while the civilians watched them with amazement with no knowledge of what it portended. Sometime before the tanks were given their final instructions on a hypothetical battlefield and mathematically divided up into debarkation points and supply depots.

Three Enemy Balloons Destroyed  
With the American Army On the Lorraine Front, Sept. 18.—By the Associated Press.—Three enemy balloons were destroyed last night by Lieutenant P. Luke, Jr., of Phoenix, Ariz., on a flight into the German lines. This makes his total nine balloons in three days.

With Lieutenant J. F. Whener of Everett, Mass., Luke left his airfield at dusk and crossed the line. Within 35 minutes the American aviators had completed their work of destruction and the flames could be seen from the American airfield. One other balloon was destroyed yesterday and three more are believed to have been shot down but the reports have not been confirmed. Bad weather prevented bombing, however, and the only observation possible was the adjustment of artillery fire.

## Exchange Artillery

With the American Army On the Lorraine Front, Sept. 18.—By the Associated Press.—In the artillery exchange of Tuesday the American gunners held the upper hand, destroying German ammunition dumps near LaChausse, in addition to a big gun, and making direct hits on the railroad near Chambley. A number of box cars also were destroyed by direct hits.

## German Troops Put to Flight In Macedonia

WASHINGTON, Sept. 18.—German troops sent to Macedonia front to aid the hard pressed Bulgarian forces have been put to flight along with the Bulgarians says a Serbian official statement on today's operations received tonight at Serbian legation.

The statement which was sent from Saloniki by Col. Peshitch, assistant chief of the Serbian general staff, says: "We have repulsed a number of violent counter-attacks in the Koziah region. The German troops which were sent to the aid of the Bulgarians have been put to flight with the latter.

"We continue to advance along the whole front. The village of Gradeshnitsa is in our hands. The allied troops have taken the village of Starovina.

"The number of prisoners exceeded 4,000. The number of captured guns exceeds fifty. The enemy has also abandoned enormous quantities of war materials."

Paris, Tuesday, Sept. 17.—The text of tonight's statement follows:

"Near East, Sept. 16.—Our operations undertaken on Sept. 15, on the Macedonian front were pursued today with every success. The breach made in the enemy's lines on Sept. 15 on the front of Sokol-Dobropole-Vetrenk was widened to the west and to the east for a distance of more than 25 kilometers and to a depth of seven kilometers.

"West of Sokol Serbian divisions captured the enemy fortified zone between Gradeshnitsa and Sokol and, crossing the Gradeshnitsa river drove the enemy back in disorder onto the Razim Bay ridge, where the enemy units were bombed by allied airplanes.

"East of Vetrenk the allied forces captured the Chiem and Golo Bilo Massifs and the defenses of Zhorosk.

"The number of prisoners taken in the first two days of the operations totaled more than 4,000 including a colonel, with his staff and more than 30 guns, numerous mine throwers and machine guns and a considerable quantity of material remained in our hands. "The offensive continues."

## SUBMARINE NO LONGER A SERIOUS MENACE

Declares Senator Thompson of Kansas Who Recently Returned From Trip Abroad—Navy Is Backbone of War.

Washington, Sept. 18.—While still an annoyance and a hindrance, the submarine is no longer a serious menace, the senate was told today by Senator Thompson of Kansas, recently returned from a trip abroad. There, the senator said, is positive knowledge, that one half of Germany's submarine fleet, which has never been more than 320 boats, has been destroyed or captured by the Allies.

"It is to the navy that this credit for the destruction of these outlaw sea-going crafts is due," he declared. "The navy is and has been the backbone of this war, the same as it has been of almost every great war in history. The destroyer is the ship which has brought Germany to her knees in submarine warfare and will keep her there."

Ships now are operating across the English channel with about the same ease and security as before the war, Senator Thompson said. He suggested that the menace on the Atlantic would be lessened by placing German prisoners on returning transports.

## CANADIAN KILLS FIVE CHILDREN

MOOSE JAW, Sask., Sept. 18.—William Bromley, a driver for the Dominion Express company, walked into a police station early today and calmly announced that he had murdered his five children by cutting their throats. Bromley was accompanied by his wife who was not aware of his deed until he told the story to the police. She had returned home shortly after midnight from an entertainment but Bromley refused to allow her into the house, saying he would tell her the reason at the police station.

The bodies of the five children were found on a bed where Bromley, presumably insane, had killed them.

HELD FOR MURDER.  
New York, Sept. 18.—Charles E. Chapin, city editor of the New York Evening World, who confessed to having shot and killed his wife two days ago and failed to carry out his plan to kill himself also, was today indicted for murder in the first degree.

near Chambley, Tuesday night, the Germans threw eight hundred shells into the regions around Behey and Chateau St. Penoit.

## WAR SUMMARY

News of Activities On Various Battle Fronts in Summarized Form By Associated Press.

British and French veterans have made another vicious and successful smash at the Hindenburg line. Sweeping forward on a front of 22 miles, they went ahead from 1-3 to 3 miles, taking many prisoners. The most important aspect of the advance is that it makes more certain the capture of St. Quentin, which the Germans have been ordered to hold at all costs. This important city is virtually surrounded on all sides and its fall seems only a matter of days.

Field Marshal Haig's third and fourth armies charged over the trench system occupied by the British before they were pushed back by the teutonic flood of last March. They captured, in wide sectors, the outer defenses of the Hindenburg line. The British assault was over a front of sixteen miles from Holnon, west of St. Quentin to Gouzeaucourt north of Epehy. In their advance, which reached a depth of more than three miles at some points, they took more than 6,000 prisoners. Not only did the blow bring nearer the capture of St. Quentin which the Germans are struggling to hold, but it went far towards wiping out the only bulge in the British line which resembles a salient. Epehy, at the apex of the bend has been taken and the sea fat has befallen Gouzeaucourt and Haricourt which stood at the ends of the wings.

The importance which the Germans attached to the territory wrested from them is indicated by the announcement that they launched determined counter-attacks, as soon as they could be organized from Haricourt to the Omignon rivulet.

The success of their efforts remains somewhat obscure but it is not believed they can recover the ground they have lost. While the French advance was less spectacular than that of the British, they moved forward on a front of six miles to an average depth of 1-3 miles adding several hundred prisoners to their bag.

The British now hold the southern outskirts of Contescourt, less than three miles from the suburbs of St. Quentin. The city where the troops of Von Goeben scored a great victory in 1871, is one of the butresses of the Douai-Cambrai-St. Quentin-la-Fere-Laon line, beyond which it has been announced the Germans would not fall back.

With the French in the outskirts of LaFere with St. Quentin invested and with the British battling doggedly for Cambrai the great Hindenburg defense system is in danger of being breached at three of its strongest points. Once ousted from it the teutons will have back of them no strong fortifications until they reach the Marne Bugie defenses.

The taking of St. Quentin remains a difficult task however for the Germans are in strong offensive positions and a captured order from General von Morgen to the fourteenth reserve corps emphasized the importance of the terrain they hold. He ordered them not to yield another foot of ground in the imminent decisive battle."

While the British and French were forging ahead relentlessly in the west, the Serbs and French in Macedonia were making more emphatic their defeat of the Bulgarians who have been reinforced by German troops. There is every indication that the offensive in the east is of major proportions and will develop to the limit. It has widened to the west of Sokol and the east of Vetrenk until the front extends over 16 miles. The Allies have penetrated at some points a distance of ten miles. The assistance of King Ferdinand's troops is weakening as they are forced back.

While Marshal Foch was following his policy of striking at widely separated points along the battle line, the day was one of comparative quiet for General Pershing's field army. There was no activity of consequence on their front beyond the usual artillery and patrol activity.

## MANY MORE BATTLES TO COME

LONDON, Sept. 18.—In reply to the message sent by Premier Lloyd-George to General Pershing congratulating him on the American victory in Lorraine in which the premier, who received the news on his sick bed, declared it was "better and infinitely more palatable than any physic."

The American commander has sent the following telegram: "Your congratulations are deeply appreciated. It shall be the endeavor of the American army to supply you with occasional doses of the same sort of medicine as needed from now on until the final victory has been attained. I trust this will find you fully recovered from your illness."

## HOUSE APPROVES PRINCIPAL POINTS IN REVENUE BILL

### Final Vote On Big Measure Expected Friday

WASHINGTON, Sept. 18.—All principal provisions of the war revenue bill were approved by the house today almost as fast as two clerks, working in relays could read them. With only a few minor provisions and amendments yet to be considered leaders believe final vote will be reached Friday. After adopting the war excess profits provisions without change, the house passed important sections raising many millions of dollars without objection or discussion. Every amendment proposed either was rejected summarily or passed over so that the ways and means committee can consider them before final action is taken.

Beside the war excess profits provisions, which yielded the greatest returns to come from the bill, provisions adopted were transportation, \$187,000,000; amusement admissions, \$100,000,000; excise taxes, including automobiles, jewelry, luxuries and semi-luxuries, \$518,000,000; beverages, \$137,000,000; tobacco, \$341,000,000; capital stock, \$70,000,000; the federal automobile license provision \$72,930,000 and stamp taxes \$32,000,000.

The most important matters remaining to be disposed of are the proposal to tax cotton \$3 a bale and to impose a five per cent tax on products of child labor.

Representative Green of Iowa, gave notice that tomorrow he will offer his child labor amendment. Predictions are generally that it will be rejected.

When the house adjourned tonight reading of all sections of the tax bill had been completed with only a few administrative provisions remaining to be acted upon in addition to the controverted items put over today.

The provisions amending the Harrison drug act with much more drastic regulations of traffic in narcotics, were adopted without change. Among the new proposals to be offered tomorrow is the plan, urged generally by Republicans, but opposed by President Wilson or a joint congressional committee to supervise war expenditures. Representative Moore of Pennsylvania plans to offer an amendment authorizing creation of such a committee.

## ENLISTMENTS OPEN IN NAVY AND MARINES

WASHINGTON, Sept. 18.—Provost Marshal General Crowder today announced orders to local draft boards which will permit the voluntary induction of draft registrants into the navy and Marine corps and provide for drafts of men to be assigned to those services if voluntary inductions do not suffice to fill the demands.

Call for men for the navy will go out before the end of this month and Marine corps contingents will be called within a few weeks.

## LOWDEN DENOUNCES PEACE OFFENSIVE

Chicago, Sept. 18.—Governor Lowden of Illinois denounced the recent Austrian peace offensive as more dangerous than any of the German drives on the western front in France in a speech today before the insurance men attending the American Life Insurance convention. He also praised the prompt rejection of this treacherous peace offensive by President Wilson.

## NO FOOTBALL AT PENNSYLVANIA

Philadelphia, Sept. 18.—Because of the uncertainty of the football situation and the fact that there would be no football under its direct authority the University of Pennsylvania today notified Robert Folwell, its football coach that his services would not be needed this year.

## WEATHER INDICATIONS AND TEMPERATURES

Illinois—Mostly cloudy Thursday and Friday with showers Thursday night and Friday south, cooler extreme south.

Temperatures.  
The current, maximum and minimum temperatures as recorded Wednesday were:

Member the ASSOCIATED PRESS. The Associated Press is exclusively entitled to the use for republication of all news dispatches credited to it or not otherwise credited to this paper.

Dr. Baker was no doubt chosen as medical member of the Morgan county local board because he has the time, knowledge and experience to qualify him for the work. The government and the people will both get a fair deal.

Springfield has offered \$500,000 and a regular "prize package" of other attractions if the management of Wesleyan university will move that institution from Bloomington to Springfield. This makes one wonder if the people of Jacksonville realize how much the educational institutions located here mean to this community.

Some farmers are beginning to worry because of the excess of rain. They fear that corn will be damaged and say that drier, hotter weather is needed. Well, it will only be a matter of a few days until the equinox and then the drier days will come and the corn crop will be saved in fine shape. At least that is the story of Morgan county.

Because so many church pulpits are now vacant while the regular pastors are in the war service, a great many young women are taking Bible training at the universities to fit themselves for the ministry. If the "new ministers" are young and good looking there will no doubt be an increase in church attendance. Possibly even a few men may appear at the Wednesday evening prayer service.

Congressman Williams of Pike county, who won the Democratic nomination for congressman at large, is meeting with a good deal of cordial support in his home district. The fact is that the congressman has a record on war issues which gives him a good deal of strength these days. It is a fact that what a man does or says about the war now is accounted as the accurate measure of his worth. This is true not only in public life but in private life.

If the ban on liquor were proposed by popular vote or legislative act the liquor interests would be fighting with all their might. But the president, representing the United States government, has spoken and has said just when the manufacture of liquor must stop. There are no protests and the liquor interests yield with grace. They know they must.

## THE ARMY AND THE NAVY

Now the announcement has come that the selective draft men can volunteer in the navy or marine corps. The previous rules which made it impossible were very disconcerting to many young men who were anxious to enter the navy service. And just why the selective draft law should not apply equally to the army and navy, no one seems to know. Certainly the navy service is just

as essential to the winning of the war as the larger army operations. In fact, there is a lot of truth in the saying that the navy is the backbone of our military affairs.

## WAR DAYS AND THE COLLEGES.

Illinois college has started off the fall term with a war time zeal. There will be at least 125 young men in the army training unit. Why shouldn't there be even more when before was the opportunity given to go to college at the expense of Uncle Sam, and in addition draw a private's pay for doing the government the honor of college attendance?

At the Woman's college the war time spirit prevails too for indications point to a large enrollment of young women in conservation classes and special interest is being manifested in the department of home economics. Additional war tone will soon be given the college by the presence of the French girls who are coming from their home country to get the college training and atmosphere of America.

## WHAT YOUR BOND WILL DO.

If you buy a \$100 bond of the Fourth Liberty Loan you are lending the United States government enough money to feed a soldier in France a little more than seven months. Or you have furnished enough money to give him a complete outfit of winter and summer clothing, including shoes and stockings, and slicker and overcoat to arm him with a good revolver. You have done that much to beat back the Hun.

It takes \$35 more to arm him with a rifle with a bayonet on it, and if you buy a second \$100 bond you furnish him this rifle and 1,000 cartridges for it; and there will still be enough of your money left to purchase a good-sized bomb to throw in a dugout or demolish a machine gun together with the Hun operating it.

**THIS IS YOUR WAR.** Don't get the idea that it is not up to you to buy Liberty Bonds. Don't go around with the impression that you have done your part if you have subscribed to any or all of the three preceding loans.

There are certain whisperers who would like to have you believe that this is a "rich man's war." Such people either are on the Kaiser's payroll or ought to be. This is your war in every sense of the word. The men in olive drab and steel helmets are fighting your battles, and don't you forget it.

They are fighting your war in Europe, in order that it may not have to be fought on this side of the water. The Kaiser hopes to defeat the Allies, seize England's navy and bring the war to American soil. At least he did hope to do so, before American men and American Liberty Loan money and American ships built with American money and manned by American seamen started him back toward Berlin.

And don't forget that it will take more men and more money, a great deal more, to keep him traveling. This war is not over yet, and it is your war.

## ITALY'S DAY TO CELEBRATE.

What the Fourth of July is to the United States and the Fourteenth of July to France, the Twentieth September is to Italy, and her loyal sons will celebrate tomorrow with enthusiasm the greatest patriotic holiday in the Italian calendar.

It was forty-eight years ago on September 20, 1870, that the Italian troops stormed the Porta Pia and made their triumphant entrance into Rome, thus making the Eternal City the capital of Italy. Yet that glorious conclusion to a remarkable campaign—a

united Italy—left one great ambition of the Italian people unrealized, for hundreds of thousands of their countrymen in "Italia Irredenta" were left beyond the pale—still under the yoke of Austria.

It was General Count Raffaele Cadorna who led the brave troops into Rome on Sept. 20, 1870, and it is his son, Count Luigi Cadorna, who has been covering himself with glory as the successful commander of the Italian armies in the present great war against Austria and her allies.

Italy is so truly an ally of the United States that there should be some observance of this Italian national day, the country over. Speaking locally, people of Morgan county came to a much fuller knowledge of what Italy has done and suffered in this war by the recent address of Lieut. Roselli at the chautauqua.

Rippling Rhymes  
By Walt Mason

**The Faker.**  
Now doth the busy little Hun delight to pass the bunk, and claim the victory is won, when he is knocked kerplunk! The general whose cumbrous name winds up with burg or dorf, still claims to have a giant's frame, when he is shown a dwarf. When Foch or Haig in battle fall, the fact is not denied; these brave men rise and say, "The tall has traveled with the hide." They want the folks at home to know the truth and give it flat; if they are beaten by the foe, they let it go at that. But Prussian leaders cannot trust the folks at home, it seems; they feed them up, until they bust, on fakes and no-point dreams. How doth the busy little Hun his whiskers streaked with foam, hand out the puffery to the folk at home? But when the facts at last leak in, I wonder what they'll say; will they just wear a foolish grin, in their accustomed way? Or will they swell with righteous fire, their spirits sore and hot, and grumble like a house afire, and have some princes shot? "Dumb driven cattle" is their name if they, with patient eyes, forever watch the hocus game, the carnival of lies.

## THIS DATE IN HISTORY

## EXEMPTION BOARD NEWS

By appointment of the president, Dr. E. F. Baker has become medical member of the local board of Morgan county to fill the vacancy caused by the resignation of Dr. Black. The formal induction of Dr. Baker took place Wednesday, when the oath of office was administered in a very impressive way by Miller Weir, president of the board. Dr. Baker is fully qualified for the important tasks that attach to the position he has taken. He is a man of experience and poise and can be counted upon to act with consistent fairness and discretion.

The fact of Dr. Baker's appointment was transmitted to the board by Adjutant General Dickson after the following telegram had been sent to the adjutant general. The appointment was made by the president on the recommendation of Gov. Lowden.

"Replying to your telegram, we would recommend Dr. E. F. Baker of this city to succeed Dr. Carl E. Black as medical member of this board, following the resignation of Dr. Black and its acceptance by the president. Dr. Baker is an old resident of this county, independent in means, active from active practice, has held many important positions, is a man who cannot be bought or intimidated, and his selection will meet the approval of the medical fraternity, leading politicians of the three political parties and the entire community. Please rush this appointment as he is badly needed on the board."

W. D. Doying, secretary of the local board, was in Springfield yesterday to attend a conference of local board representatives with the district board. There are about twenty counties in the district and the purpose of the meeting yesterday was to talk over various matters with reference to methods in handling the records and business of boards, particularly in connection with questionnaires and registration cards.

A formal order was received yesterday from adjutant general, for sixty men for general military service, to be sent to Camp McClellan, Annapolis, Ala. These men will entrain sometime between Oct. 7 and 11.

The force of volunteer assistants in the office yesterday included Mrs. V. E. Spoon, Miss Alma Moore, Miss Katherine Barr and William Cocking.

## RAISE SALARIES IN SANGAMON COUNTY.

The Sangamon county board of supervisors has recently authorized various salary increases because of larger daily expenses. The city physician is to receive \$2,000 a year instead of \$1,500 and the county physician's salary was raised from \$300 to \$600. An increase of \$500 a year was given the circuit clerk and \$600 given the clerk of the court. The state's attorney's office was authorized.

See those \$1.50 flannel shirts at Tomlinson's.

CAPT. STEINBRENNER  
TALKS TO ILLINOIS MEN

Met With Those Intending To Take Military Training After Chapel Wednesday—Appointed Wilbur Rogers in Temporary Command.

Following the chapel exercises at Illinois college Wednesday morning, Capt. Steinbrenner went to his quarters in the dormitory where he held interviews with those who expect to take the military course this year.

A meeting was called for 1 o'clock in the chapel where Capt. Steinbrenner met the students to the number of over 100 and further explained the work and duties of the students in military life. It is estimated that between 125 and 150 men will take the S. A. C. at Illinois.

After his talk Capt. Steinbrenner asked all men who had had military drill to step forward. About thirty responded and they were taken to the campus and turned over to Wilbur Rogers, who has just returned from Ft. Sheridan camp where he has been taking military training. Capt. Steinbrenner also took charge of the men and then had some of the men give commands to get a line on their military qualifications.

Capt. Steinbrenner went to Decatur last night but will return here Tuesday. He expects to arrange for preliminaries for taking up the military course but cannot start until the men have been examined by an army surgeon. Therefore the time of the beginning of work will depend largely upon when the army surgeon can come here for the examinations, as the men cannot be inducted into service until they are examined.

The students held a big stunt meeting last evening. All of the student organizations were represented and much enthusiasm was shown. The meeting differed from those in past years in that it was not devoted largely to athletics, owing to the certainty of the attitude of the government toward such activities.

At the registration yesterday 162 students elected to take up first year French while four elected to take German.

Boys' sweaters \$1.00 to \$4.50, all sizes, at Tomlinson's.

FRENCH GIRLS COMING  
TO WOMAN'S COLLEGE

Two Assigned To Local Institution By Council of Education.

Dr. Harker of the Woman's college has been notified by the American Council of Education that Marie Ponsin and Ernestine Porcher are the French young women assigned to the Woman's college. These young women are members of a group now on the way from France to America to accept the offer made by American colleges to provide educational advantages without cost to a certain number of French girls. The plan was worked out by the Council of Education and a number of the well known colleges and universities have joined in the praiseworthy movement.

The young women who thus come from France will be provided educational training without cost in the institutions they attend and the board will also be furnished in fact everything the young women need other than spending money and funds to carry them thru holiday seasons have been provided in the general plan. The purpose of the movement is not only to provide educational privileges for these French girls, who because of war conditions cannot secure the needed training in their homes, but has the further purpose in view of familiarizing the French with American systems and ideals.

It is the expectation that the larger number of the young women who come for college training will become teachers after their return to their home land and in this way the present movement is destined to have its permanent and beneficial effect.

HAVE ARRIVED SAFELY  
OVERSEAS

James C. Pfeil of Concord has received word of the safe arrival of his son, John overseas. Mrs. J. E. Burner has received word from her son Perry T. Burner that he has arrived safely overseas.

Word has been received here that John T. Garvin of Murrayville, son of Mr. and Mrs. Thomas Garvin, has arrived safely overseas.

Mr. and Mrs. N. A. Brannon of East College avenue have received word on their son Anthony who was with the 321 Field Signal Bat., of Plattsburg, N. Y., of his safe arrival in France.

## LONE SCOUTS WILL MEET

The members of Flying Eagle tribe Lone Scouts of America will hold a meeting this evening at the home of Charles Williams, 644 South West street. All those wishing to take the first and second degrees are urged to be present. The Lone Scouts of America is an organization of boys who pledge allegiance to the flag and to do some good deed each day.

LOUIS EATON IS  
MADE LIEUTENANT

Brooklyn Paper Gives Facts About His Preference—On Flagship Pennsylvania.

Many Jacksonville people will remember with pleasure meeting Louis F. Eaton of Brockton, Mass., whose wife was formerly Miss Margaret Ayers. He has been in the U. S. navy for more than a year past; and was recently commissioned a lieutenant. The firm in which Lieut. Eaton is associated with his brother is one of the largest in the east engaged in the manufacture of shoes. A Brockton paper has this notice of his preference:

"Louis F. Eaton, a member of the shoe manufacturing firm of Charles A. Eaton Co., one of the first Brockton boys to enlist in the navy after the United States entered the war, has just been promoted to the rank of lieutenant, junior grade. This rank is equivalent to first lieutenant in the army."

Lieut. Eaton entered the service in the spring of 1917 as an expert radio operator. After being stationed at the Charleston Navy yard for a short time he passed the examination for ensign and received his commission as such. Then he entered the Annapolis Naval Academy, going through an intensive course of training. Upon graduation from there last winter he was assigned to the Arizona and went thru the regular ensign's course in practical engineering with perfect marks, the having no previous knowledge of machinery.

Lieut. Eaton is now on the Pennsylvania, the flagship of the fleet, where he has charge of the radio work of 84 men."

SEVEN MONTHS PIGS  
BRING TOP PRICE

Robert P. Allan Sends Fine Load To East St. Louis Market.

The Livestock Reporter, published at East St. Louis, gives the following story about a shipment of hogs made by R. P. Allan of Riggs to the East St. Louis market. These hogs were seven months old and topped the market at \$20.75 per hundred. This is the story as published:

"Blood will tell. Today R. P. Allan, the well known shipper of Scott county, Ill., was here with a load of 7 months old swine that averaged 201 pounds on the market and topped the day at 20.75 per cwt, this equaling the market's record."

"These were pure-bred Poland Chinas," stated Mr. Allan to a representative of the Reporter. "They were raised and fed by Giles Tankersley of Scott county, and he surely makes them good. Mr. Tankersley fed the hogs from a self-feeder, giving corn and slop from shorts. My son bought a boar from Mr. Tankersley that weighed 355 pounds at 7 months of age. We will be short on cattle feeding in Scott county next winter but will handle about an average supply of hogs. Our corn is better than in many sections and I estimate that we will average 75 per cent of a crop."

## DEATHS

**Jones.**  
Mrs. William Jones died at her home, 769 South Fayette street Wednesday morning at 7:30 o'clock. She had been in failing health for several months, but her condition was not considered serious until two weeks ago. She ceased to be born in North Carolina in 1854. When four years of age her parents moved to Tennessee where she grew to womanhood. She was united in marriage in the south to Thomas Oliffe. To this union two children were born, Mrs. Maggie Fry who preceded her in death and Mrs. Mattie Starks of this city. After the death of Mr. Oliffe she was married to W. M. Jones, who survives her together with one daughter, Pearl Jones Berry. She also leaves a sister, Mrs. Enoch Taylor of Miller, Tenn. and one nephew, William Williams, who has lived with her since infancy, eleven grandchildren and four great grandchildren. Funeral services will be held from Mt. Emory Baptist church Friday afternoon at 2:30 o'clock.

## FUNERALS

**Flynn.**  
The funeral services for James Flynn were held at the Church of Our Savior Wednesday morning. Requiem high mass was celebrated by Rev. Father Formaz.

Burial was in Calvary cemetery. The bearers were James Powers, James Magner, Joseph Plasky, Henry Rusteneyer, Steve Bergschneider, Louis Steer. Among those from out of the city were Mrs. Margaret Fields, Mrs. Jerry Cronan, Petersburg; Mr. and Mrs. Joseph Boshardt, Lawrence, Donney, Bloomington; Mrs. H. Farney and Mrs. Will Farney, Springfield, Mrs. B. Murphy, Buffalo, Ill.

LIBERTY LOAN PLANS  
WELL OUTLINED

HOPE TO PLACE WHOLE ALLOTMENT ON VOLUNTEER DAYS.

C. A. Fiedler Director of Sales Has Organization Extending Into Every Precinct of County—Assistants Are Named.

If the recent plans carry Morgan county's allotment for the Fourth Liberty Loan will be quickly subscribed, on volunteer days, Sept. 28, 29 and 30. Charles A. Fiedler is the county sales director and has perfected an organization in every precinct in the county. In writing to the assistant salesmen Director Fiedler said: "General Pershing went over the top in 27 hours. Let's put Morgan county over in 24."

In setting this ideal Mr. Fiedler is evidently hoping that Morgan county plans will measure up well with some of those outlined in other counties. In Adams and Brown counties, for example, the officers and committees in charge of the work intend to have such an intensive sales organization busy Saturday, Sept. 28, that the quotas of those counties will be taken in the day.

In Brown county the work has been organized by school districts. The school house will be the center of the work, with the teacher and directors in charge together with assistant workers. Automobiles will be in service and if the residents of those different localities do not appear to make their subscriptions by the expected time the workers will visit them in cars. The full intention being to complete the allotted task before midnight of Sept. 28.

Following is the list of the assistant salesmen in the various precincts for this county outside of Jacksonville. The persons named below will, Mr. Fiedler states, receive the full instructions by mail in the course of the next few days.

Alexander—Chairman, Charles Strawn, F. E. Drury, George Hall.  
Arcadia—Chairman, C. A. Ogle, Levi Deatherage, Jason Clark.  
Centerville—Chairman, George Anderson, Joel E. Turner.  
Concord—Chairman, A. B. Cratz, George Dietrich, Ora H. Chapin—Chairman, A. L. French, T. U. Markham.  
Franklin—Chairman, M. B. Keplinger, William Whaler, Warren Luttrell, W. E. Keenan.  
Liberberry—Chairman, Albert Crum; J. S. Hitchens.  
Lynnville—Chairman, Charles H. Gibbs, Oliver Coultas.  
Markham—Chairman, Allison Thomason, E. R. Carter.  
Mercedosa—Chairman, J. E. Hall, J. F. Brockhouse.  
Murrayville—Chairman, Harry Cade; J. E. Osborne, J. A. Carlson.

Emphatically Asserts Worn  
Out, Lagging Men Can  
Quickly Become Vigorous  
and Full of Ambition

7 A DAY FOR 7 DAYS

Don't blame the man who is perpetually tired; his blood needs more red corpuscles and his brain and nerves are craving for food. Given the right kind of medicine any tired, inactive, lagging fellow can quickly be made into a real, live, energetic and even ambitious man.

So says a student of the nervous system who advises all men and women who feel worn out and who find it hard to get up ambition enough to take a regular job to get a package of Bio-feren at any drugstore.

This is the new discovery that pharmacists are recommending because it is not expensive and speedily puts vigor and ambition into people who despaired of ever amounting to anything in life.

People whose nerves have been wrecked by too rapid living, too much tobacco or alcohol, have regained their old-time confidence

and energy in less than two weeks. No matter from what cause your nerves went back on you; no matter how run down, nervous or tired out you are, get an original package of Bio-feren at once. Take two tablets after each meal and one before bed-time—seven a day for seven days—then one after each meal till all are gone.

Then if you still lack ambition; if your nerves are not steady and you haven't the energy that red-blooded, keen-minded men possess, your purchase money will be gladly returned. Note to Physicians: There is no secret about the formula of Bio-feren, it is printed on every package. Here it is: Lecithin; Calcium Glycero-phosphate; Iron Peptonate; Manganese Peptonate; Ext. Nux Vomica; Powdered Gentian; Phenolphthalein; Cinnamon; Capsicum; Kola.

Miss Carrie Campbell of the vicinity of Lynnville was a caller on city friends yesterday. Mrs. R. York of the vicinity of Chapin was a city shopper yesterday. L. E. ## OLD JACKSONVILLE

ENGLISH SETTLEMENTS

By Ensley Moore

(Member Illinois State Historical Society)

Except by the Germans, Illinois has not had many large and strongly defined foreign settlements. This was especially true in the early history of the state.

In his Gazetteer of Illinois, 1834, Dr. Jno. M. Peck, speaks of two English settlements, in the following words:

"English settlement is in Morgan county, west of Jacksonville, on Cadwell's Walnut and Plum creeks. There are about one hundred families, mostly from Yorkshire, England, and the north of Ireland. They are well pleased with the country, and to be accumulating property."

English settlement, in the east part of Monroe county, is on Prairie de Long Creek, in township three south, eight west. It contains about forty families mostly English Catholics."

In his description of counties under the head of Edwards, Dr. Peck said:

"The English settlement formed by Messrs. Birbeck and Flower is in this county." Under the head of towns and settlements is this:

"Albion, the seat of justice for Edwards county, situated on section two, of township two south, range ten east, of the third principal meridian. It was laid out in 1819 (probably a mistake of one year, E. M.) and settled principally by English emigrants. The situation is high and healthy. It contains three stores, three houses of entertainment, an ox flouring mill, a cotton gin, and thirty or forty families. The court house is of brick, forty-four feet square, two stories and finished. Albion is forty miles southwest of Vincennes."

This enterprise was a sort of social and political undertaking of two men, who thereby became of some note. And they were strongly opposed to Slavery. The centennial anniversary of this settlement is to be observed this fall.

It is to be observed that the fall of 1819 is coincident with that of Illinois. A good deal has been made of George Flower, and he

no doubt, did his part. But the anti-slavery history of the state was made mostly by men of prominence from the south or from New England.

## Lynnville

Referring to Lynnville, this county, Mr. Peck simply said:

"A town site in Morgan county, seven miles southwest of Jacksonville. It is a new place, on the prairie at the head of Walnut Creek, has a few houses and is settled chiefly by English people."

In the plat book of Morgan county, of Andreas, Lyter & Co., of Davenport, Iowa, published in 1872, is this short reference to Lynnville:

"Lynnville was laid out November 3rd, 1831, by Nimrod Funk and James Holmes. It is next to Jacksonville in age, but does only a local trade."

In another place the Plat Book has this: "In 1830 Adam Al-linson built the first mill for grinding grain (tread mill). First saw mill was built in 1859 by William Anderson and Henry Shirliff."

## Lynnville Suburbs

Probably much the largest number of the English people having to do with Lynnville was in the neighborhood of Jameson. The Richardsons, Coultasses, Groves, Ransons and others so well known not only in that vicinity but also in Jacksonville and throughout the county. One of the funny things about it is, that, as often happens, one of Lynnville's most prominent men, the Hon. John Gordon, was of Irish descent. But this could not be said of George Jameson, whom Lynnville gave to Jacksonville, and Jacksonville gave him to the county as sheriff.

George was "sure some" English. Another man who "came to town" from Lynnville was James Ranson, one of the richest men of the county, and Wm. Richardson was another notable Britisher.

He was fitted in appearance to sit for the portrait of "John Bull."

Joseph Bergschneider of Alexander was among city visitors in the city yesterday.

Felix Gordon was a traveler to town yesterday from a farm near Murrayville.

Willard Young of Litterberry was among the callers in the city yesterday.

Howard Cully from the vicinity of Strawn's Crossing was a caller in the city yesterday.

Roy Corrington of the region of Arnold made a business trip to the city yesterday.

Mr. and Mrs. M. Walters of Carrollton were among the Wednesday visitors in the city.

Miss Edith Wiseman of Ashland was a Wednesday visitor in the city.

Misses Emma and Stella Goldman of St. Louis were among the Wednesday visitors in the city.

W. B. Lucas, an elderly and leading citizen of Bath, was among the callers in town yesterday.

Miss Celia Goodpasture of the northwest part of the county was a shopper with Jacksonville merchants yesterday.

John Tompkins of the north part of the county was transacting business in the city yesterday.

WANTED  
FORD MECHANICS.  
C. N. PRIEST,  
The Ford Man

Carl and J. W. Hopper motored from Beardstown to the city yesterday, and reported the roads better than they expected.

Mr. and Mrs. Ira Ham and family who have been visiting near Waverly returned to their home near Savage Station Tuesday.

C. A. Hill was making calls in the northern part of the county Tuesday in the interest of the Orange-Judd Farmer.

Charles Grady of Washington County, Iowa, is visiting his sister Mrs. L. J. Kemp at the State School for the Deaf.

R. P. Goodpasture of the vicinity of Grace Chapel was transacting business in the city yesterday.

Mrs. William Spencer and Mr. John Crum expect to leave today for Decatur where they will visit their sister Mrs. Alfred Weldon.

Mr. and Mrs. Thurman Haskell have returned from Forest Park, St. Louis, where they have been visiting the family of Walter Scott.

Wood Stoves, Coal Stoves, Oil Stoves, Gasoline Stoves in endless variety. The best goods made at the right price. BRADY BROS.

J. Hall of Athens and his brother C. A. Hall of the same place. Mrs. Louis Miller of Joliet was a visitor in the city yesterday.

Mrs. Jean Prescott of Milwaukee, Wis., was a Jacksonville visitor yesterday.

H. M. Blalock of Springfield was attending to business matters in the city yesterday.

O. A. Duncan of Lena was called to the city on business yesterday.

H. M. Capps left for Chicago last night for a business visit of several days.

Mr. and Mrs. James McCarty of Mazonia who have been visiting relatives in Chapin have returned home. They were accompanied by Mrs. Jacob Hoover who will visit there for several days.

The monthly meetings of the teachers and officers of the Congregational church were begun last evening with a good attendance. A fine supper was served by the families of Lee Doane, Ebenezer Spink and Rev. W. E. Collins.

Mrs. Emma Gibbs of City Place expected to leave today for Town-er, N. D., to visit with her brother, Enoch Mower, whom she has not seen for ten years. She expects to be away five or six weeks.

Albert Crum has decided to become a citizen of Jacksonville and has taken possession of the T. J. Baeson place on Webster avenue. Both he and his estimable wife will be cordially welcomed to the city and all will hope they will be pleased with their new home. Mr. Crum will continue to manage his extensive farm near Litterberry.

Charles R. Rountree of Springfield, Mo., is in the city for a brief visit with his uncle, E. G. Saye and family. The young man is going to Fort Sheridan to take a course of instruction and will then be an assistant instructor of students in military work at Drury college. He also expects to visit in Manchester.

Quick Meal Steel Ranges, enameled inside and out, are rust proof and will last a life time. Favorite cast ranges last forever. We are showing a big line in both styles, including the blue enameled. BRADY BROS.

SCHOOL FOR DEAF CHILDREN ARRIVE

The year's work began yesterday morning at the State School for the Deaf. The children, approximately 400 in number, arrived in the city. Tuesday, and the management had planned so well that all was in readiness for the opening of the term work Wednesday morning.

The children from the southern part of the state were escorted to the city from St. Louis Tuesday by Mr. and Mrs. C. W. Taylor, those from Georgia and vicinity were brought by Mr. Scholomann, the house father who had spent his summer in that city, and the Decatur train was accompanied by W. S. Camp. The special cars from Chicago were in charge of members of the faculty who have spent the summer months in Michigan. Misses Taft and Upham and Messrs. Putnam and Cleary.

FATHER OF MRS. O. N. BARR IS CRITICALLY ILL

Mrs. O. N. Barr has received a telegram of the critical illness of her father, P. T. Wash of Selma, Calif. Mr. Wash suffered a stroke of paralysis and owing to his advanced age, being 85 years old, his condition is regarded as critical. He visited in this city several years ago.

TRAP SHOOTERS  
MET AT ALEXANDER

W. H. Stannard of Chicago High Gun With 149—E. G. Rupert of Decatur and O. Pearn of Ashland Tied for Amateur Honors With 142.

Alexander, Sept. 18.—W. H. Stannard of Chicago was high gun among the professionals at the annual shoot of the Central Illinois Trap Shooters Association held here today. Stannard's score was 149 out of 150 targets. E. G. Rupert of Decatur and O. Pearn of Ashland tied for amateur honors with 142 targets.

The shoot was one of the most successful that has ever been conducted by the Alexander gun club, tho the attendance, owing to bad roads and threatening weather was not as large as in former years.

All of the snooters made good scores and spirited rivalry prevailed. The ladies of the Alexander Red Cross served a splendid luncheon. All of the contestants shot at 150 targets. The individual scores follow, the first three named being professionals:

Cadwallader ..... 139  
Webster ..... 140  
Stannard ..... 149  
Ernest Strawn ..... 138  
Kumle ..... 122  
Parks ..... 133  
Robinson ..... 139  
Meeker ..... 135  
Rupert ..... 142  
Obermeyer ..... 126  
Buckels ..... 139  
Hall ..... 139  
Osborne ..... 135  
Keenan ..... 118  
Lawrence ..... 136  
Robertson ..... 121  
Corrington ..... 120  
Pearn ..... 142  
Elmer Strawn ..... 131

There are some difficulties in keeping full Hardware Stock these days, but nevertheless business is running smoothly at this store with complete Hardware Lines for the city and country trade.

Look over our stock; you will find the Tools, Building Supplies or General Hardware you need and the prices are always right.

## I. E. CONFERENCE BEGINS AT QUINCY

Ministers in Regular Work Only  
Ches. Present — Springfield  
Make Liberal Offer to Wesleyan University.

(By C. R. Morrison.)  
Quincy, Sept. 18.—(Special to the Journal.)—The long distance from the various parts of the conference to the Gem City, on the extreme northern limits of the state, together with the extra cent for mileage, has noticeably lessened the attendance of this, the 95th annual of the Illinois Conference of the Wesleyan Methodist Church. Of course, all the effective members—those who are in the regular pastorate, are present, minus the wife—and also fewer delegations of laymen, but most noticeable is the absence of the retired minister. These were always the most welcome and the most interested, especially in their group gatherings, in social greetings. Out of a possible three score and ten, of this number less than a score are here including those who reside in Quincy or the immediate vicinity.

**Quincy Methodists Cordial.**  
Nevertheless, a royal welcome was accorded the guests. The fine weather for the opening session indicated the beginning of a most enjoyable annual gathering. Dr. F. A. McCarty, Dr. Geo. E. Oliver, District Superintendent, Flanagan with the faithful lady from the first were ready with the "old hand" of welcome. The three daily papers are vying with each other in reporting most fully all proceedings.

Bishop Leete held executive sessions in the parlors of the Gem City Business College, with his counselors, the seven district superintendents, Tuesday afternoon and evening and much of the preliminary work of the appointments has been gotten out of the way, before the public sessions begin. Dr. H. V. Holt of Wheaton, Ill., spoke to the Epworth League and the ministers in a strong historical and prophetic address on Tuesday night. Rev. C. R. Booth of Decatur presided and Rev. W. S. Phillips leading in the song service.

**Some Big Things.**  
The proposition that the Springfield University Association has made to secure the change of location of the Illinois Wesleyan University from Bloomington to Springfield is being urged with vigor—now before the final authority of the Illinois conference.

The proposition this time, comes with such backing and is of such a substantial nature that to turn it down would be to spin an opportunity never before presented to this institution.

Springfield offers, first, to donate to the University by warranty deed, free from all encumbrance, a site containing not less than eighty acres of land, just west of the State Fair grounds.

Second, to raise \$500,000 for the erection of buildings, as may be immediately needed, or to erect such buildings as may be needed for occupancy not later than September 1920, the same to cost not less than the aforesaid half million dollars.

Third, to transfer to the board of trustees of the university an option on 56 acres adjoining the 80 acre site, just south of the same. This tract will make an admirable residence section and when subdivided will, it is believed, net to the university not less than \$150,000 profit.

Fourth, give also a sum of \$5,000 per year for five years to provide for a president's salary, furnish legal advisers, and in addition give a further sum of \$50,000.

The proposition is endorsed by the Springfield Commercial Association, the Springfield Optimist Club, the Springfield Rotary Club, all of which have a membership of 1000 people.

The pamphlet containing strong arguments in favor of the project has been published and placed in the hands of the members of the conference and will be presented to the open conference. It is meeting with great favor.

**The Pension of Retired Ministers.**  
Second, if not first, because of priority of presentation and of vital interest, is the campaign for \$320,000 for an endowment fund for the retired ministry within the bounds of Illinois. Rev. H. C. Gibbs of Decatur is Field Secretary. The movement is in its second year. From a printed report, just distributed, it is shown that so far \$226,196.21 has been pledged to meet this amount, and is in process of payment by the donors in five annual payments. Another year ought to see the entire balance of \$30,000 secured.

One startling revelation has just been made that will have a serious effect on this year's annuity. Last year, in the distribution of \$250,000 dividends from the Book Concern, Illinois Conference received 5,000 more than the legal share, which amount is deducted from this year's apportionment. It is planned, however, to borrow the money in anticipation of the completion of the program for endowment and gradually repay the same rather than cause the loss to fall on the expectant and worthy ministry of the next year.

**The Centenary Drive.**  
But the biggest thing yet undertaken, is the celebration of the one hundredth anniversary of organized Missionary work of Methodism. A sum of \$0,000,000 is to be raised for home and foreign missionary work, 40 per cent in individual large gifts and 60 per cent by the church membership in general during the five years ensuing. Already two wealthy Methodists have pledged \$0,000 each per year for four years. One layman in Illinois Conference is arranging his financial holdings so as to turn over to the home and foreign missionary boards the sum of \$0,000.

Mr. S. Kresge of Detroit, manager of a line of 5 and 10 cent stores, who is a member of the committee, made the first pledge of \$75,000 in order to round out the aggregate sum asked for to the above mentioned amount of \$30,000,000. The war and the after period of the war, is the appealing note in this great campaign. A quartette or team of speakers are to present the cause at various sessions of the conference. Nothing seems to daunt these 5 million children of John Wesley and his Master and the very daring of this project is a challenge to the world. It can be done, and it will be done.

**REMOVE TO CALIFORNIA.**  
Mr. and Mrs. Otto Jolly and daughters Flora and Elizabeth have gone to California, where they expect to make their home. The family came from Franklin to Jacksonville several years ago and their friends here regret their removal to the coast.

**AID SOCIETY TO MEET.**  
The Hospital Aid society will meet this afternoon at Passavant hospital from 1 to 5 o'clock. This is an important meeting and members are urged to attend.

Mr. and Mrs. J. P. Lippincott recently returned from Dover, Mont., where they have been spending several weeks past at the home of their daughter. The visit in the west was thoroughly enjoyed.

**WILL HAVE CHARGE OF LIBERTY LOAN TRAIN.**  
Charles M. Strawn will assist the Liberty Loan organization in this district during the coming drive. Mr. Strawn is to leave Sept. 25 and will be in charge of one of the trains which will be used for advertising purposes. The train will carry a band from the Great Lakes Naval station and several speakers and an itinerary thru several states has been planned. Mr. Strawn in charge of the train will no doubt be able to render very effective service.

**WILL AID IN W. S. S. WORK.**  
Judge William E. Thomson is in receipt of a letter from the Illinois War Savings Committee, gladly accepting his services for the coming drive for the sale of War Savings Stamps in the nearby counties which are away below their quota. Both Cass and Sangamon counties are notably behind.

Judge Thomson is chairman of the Speakers' Committee for Morgan county and during the drive last spring and summer had an active share in the work of putting this county "over the top". He expects to be called to conduct meetings and to help organize the speakers in those counties which need a boost.

It will be remembered that Morgan county was the first county in the state to purchase its full quota, and that even now there is only one other county that has passed the hundred per cent mark. And Morgan county is still going strong. The state secretary in his letter says: "Morgan county is certainly a wonder."

**CARD OF THANKS.**  
We desire to express our sincere thanks to many friends who gave us their sympathy and assistance in the hours of sorrow. These kindnesses will ever be held in memory.

James Harvey and family  
Ralph Briggs.

**TAKES OFFICE POSITION HERE.**  
J. E. Bentler has come to Jacksonville from Madril, Okla., to take a position in the abstract office of W. & A. P. Ayers. Mr. Bentler is an experienced abstractor, a former resident of this state and he will doubtless prove a valuable assistant in the Ayers office.

**TO ATTEND CONFERENCE.**  
Mayer Rodgers, Dr. J. R. Harker and Thomas V. Hopper will be among Jacksonville Methodists who will go to Quincy today to attend the conference.

## WOMAN'S COLLEGE HAS BEGUN YEAR'S WORK

Opening Exercises Were Held Wednesday—Satisfactory Enrollment in All Departments.

Illinois Woman's college began the work of the year yesterday. The first chapel exercises were held at 9 o'clock in Music Hall. In addition to members of the faculty and student body present there were a number of visitors. As a special feature of the exercises Miss Rena Lazelle sang with fine effect "Tomorrow Comes a Song." President Harker spoke in a happy and serious vein his theme being "The Search for Wisdom." He emphasized the thought that these are the days for serious work that the tasks worth doing are worth doing well and that for the students as well as for others the duties which lie nearest are of the first importance.

Dr. Harker gave expression to some of the purposes of education, showing that the real thought behind college training is to prepare men and women for real service. Dr. Harker then introduced Dr. Charles Nyman, new vice president of the college, and Miss Margaret Taylor dean of the faculty. Both spoke in a very brief way, giving voice to something of their hope for the college during the months to come. The enrollment of pupils in all departments is large.

**ANOTHER LIQUOR CASE CONVICTION.**  
Joe Moseley Found Guilty on Three Counts—Other Cases Delayed on Account of Absence of a State Witness.

In the county court yesterday the trial of Joseph Moseley, charged with violating the local option law was begun and concluded. The case was given to the jury late in the afternoon and a verdict was returned finding the defendant guilty on three counts. There were but three counts in the indictment.

Moseley was represented by D. J. Staley as attorney and the state's case was handled by State's Attorney Carl E. Robinson. In the afternoon a motion for continuance was made in the case of Philip Grant, who is charged with violating the local option law and like motion was made on behalf of Henry Brown. Paul Samuel is attorney for Phil Grant and Messrs. Miller and Wright represent Brown.

In the liquor cases thus far tried at this term the principal witnesses have been Oscar Reinboch, John C. Glaser and Joseph Nicholai, special investigators from the office of the attorney general. These men spent some time in Jacksonville months ago to make investigation of alleged violation of the liquor laws. Mr. Reinboch left the city yesterday because of a telegram informing him of the death of his mother at Amboy. For this reason the other cases in which he was to testify were placed by Judge Thomson at the foot of the dock.

It is expected that he will return to Jacksonville in the course of a few days.

The jurors in the Moseley case were: Harry Butler, W. F. Council, G. M. Blair, John Gibbs, Charles Tomlinson, Charles Aukamp James W. Finch, W. E. Bates, C. L. Mathis, R. T. Cassell, G. E. Peteshish.

**WILL HAVE MONTHLY BIRTHDAY MEETING WITH MRS. TAYLOR.**  
Mrs. Maria Taylor, Mrs. Virginia Daniels, Mrs. Ella Duffey, Mrs. Anna Ferguson and Mrs. C. Riggs Taylor were hostesses Wednesday afternoon for the W. R. C. social for August and September. The social was held at the home of Mr. and Mrs. C. Riggs Taylor on South Main St. There was a large attendance and the afternoon was spent in a most enjoyable way.

The rooms were prettily decorated with the national colors, flowers and potted plants. Ice cream, cake and coffee were the refreshments and the following program was given:

The Little Bronze Button—Mrs. Eva Wells.  
A Human Joy Brings Smiles, Why Hesitate—Mrs. Charlotte Gray.

The Ladies Aid—Mrs. Belle Hopper.  
Guided by a Star, Reading, Encore, a selection from a favorite novel—Mrs. Matilda Tyrell.  
Our Country Right—Mrs. W. D. Murdock.

The Touch of the Master—Mrs. Angie P. Weber.  
Mrs. W. D. Murdock had charge of the program which was interesting to all. After the program the time was spent in sewing for the Red Cross.

**MISS PRINCE TO AID CANTEN WORKERS.**  
A number of Jacksonville people will be interested in knowing that Miss Virginia Prince, daughter of Dr. and Mrs. Arthur E. Prince of Springfield, is soon to enter canten service with the Y. M. C. A. overseas. Miss Prince is expecting to sail in about six weeks.

**WILL SPEAK IN QUINCY.**  
Rev. W. E. Collins will spend next Monday, Tuesday and Wednesday in Quincy assisting the work preparatory to the Liberty loan campaign. The people of Adams county are expecting to take care of their Liberty Loan allotment in one day and a very intensive campaign has been planned, with speakers from various localities.

## Social Events

Miss Ruth Wheeler on Wed Mr. Harvey Scott.

At a pretty luncheon given Wednesday afternoon at 1 o'clock by Miss Frances Lock of 719 West North street, the engagement of Miss Ruth Wheeler and Harvey Scott was announced. The guests were intimate friends of the bride-to-be.

The decorations were white and yellow and the center piece was a large basket of white chrysanthemums. From this basket yellow ribbons ran to the place cards. When the ribbons were drawn tiny cards were found attached with the initials R. W. and H. S.

Miss Wheeler is the youngest daughter of Mrs. Minnie Wheeler of 1155 West Lafayette avenue. She is a young woman whose personal charm has won for her many friends.

The groom-to-be is a son of the late J. Z. Scott and conducts a farm about three miles west of the city. He is a graduate of the Jacksonville High school and Brown's Business college and is highly regarded in the community. The wedding will take place some time in November and they will reside on the farm west of town.

Oran White and Friend Give Dance.

Tuesday evening at the Peacock Inn there was a very pleasant private dancing party managed by Oran White and Gene Clute. About ten couples were present and they enjoyed the music of the Johnson orchestra.

**Aid Society of Point Met.**

The Ladies Aid society of the Point church met in regular session at the home of Mrs. Grover Vasey Wednesday afternoon. Arrangements were made for the dinner which the society will serve at the John Vasey sale. The society, of Mrs. Laura Wilson is president, is an active organization and is a power for good in the Point community.

**Sinclair Country Club Met.**

The Sinclair Country club met with Mrs. Newton Wilson Wednesday afternoon with a large attendance of members. Mrs. William Newman of Jacksonville was a guest of the club. The principal paper of the afternoon was that on Mexico, read by Mrs. Newton Wilson. The members responded to roll call with quotations. It was decided to have an all day sewing for the benefit of the Red Cross at the home of Mrs. Charles Bealmear, October 2.

**Missionary Society.**

The September meeting of the Home Missionary society was held at the home of Mrs. F. H. Rowe, 1152 West State street, Tuesday afternoon. The program for the afternoon was arranged by Mrs. R. A. Gates, assisted by Mrs. W. Finley Brown and Mrs. W. J. Woodman. The Y. W. C. A. publicity campaign was explained in an interesting way by Mrs. H. P. Samuel. The election of officers for the ensuing year resulted as follows:

President—Mrs. H. L. Griswold.  
First vice president—Mrs. Robert Shoemaker.  
Second vice president—Mrs. W. B. Rogers.

Corresponding secretary—Mrs. J. W. Lowdermilk.  
Recording secretary—Mrs. J. Edgar Martin.  
Treasurer—Mrs. Grant Graff.

Secretary of Mite Boxes—Mrs. J. I. Graham.  
Secretary of Literature—Mrs. F. B. Madden.  
Superintendent of Children—Mrs. Charles Hopper.

Temperance secretary—Mrs. W. H. Cocking.

**W. R. C. Holds Monthly Birthday Meeting with Mrs. Taylor.**  
Mrs. Maria Taylor, Mrs. Virginia Daniels, Mrs. Ella Duffey, Mrs. Anna Ferguson and Mrs. C. Riggs Taylor were hostesses Wednesday afternoon for the W. R. C. social for August and September. The social was held at the home of Mr. and Mrs. C. Riggs Taylor on South Main St. There was a large attendance and the afternoon was spent in a most enjoyable way.

The rooms were prettily decorated with the national colors, flowers and potted plants. Ice cream, cake and coffee were the refreshments and the following program was given:

The Little Bronze Button—Mrs. Eva Wells.  
A Human Joy Brings Smiles, Why Hesitate—Mrs. Charlotte Gray.

The Ladies Aid—Mrs. Belle Hopper.  
Guided by a Star, Reading, Encore, a selection from a favorite novel—Mrs. Matilda Tyrell.  
Our Country Right—Mrs. W. D. Murdock.

The Touch of the Master—Mrs. Angie P. Weber.  
Mrs. W. D. Murdock had charge of the program which was interesting to all. After the program the time was spent in sewing for the Red Cross.

**MISS PRINCE TO AID CANTEN WORKERS.**  
A number of Jacksonville people will be interested in knowing that Miss Virginia Prince, daughter of Dr. and Mrs. Arthur E. Prince of Springfield, is soon to enter canten service with the Y. M. C. A. overseas. Miss Prince is expecting to sail in about six weeks.

**WILL SPEAK IN QUINCY.**  
Rev. W. E. Collins will spend next Monday, Tuesday and Wednesday in Quincy assisting the work preparatory to the Liberty loan campaign. The people of Adams county are expecting to take care of their Liberty Loan allotment in one day and a very intensive campaign has been planned, with speakers from various localities.

## DEMOCRATS HELD CONVENTION HERE

Delegates Renominated Congressman Rainey Administration Cordially Endorsed.

The twentieth district Democratic congressional convention was held at the court house Thursday, when Henry T. Rainey was renominated for congress. E. Z. Cornutt of the committee gave the call to order and Judge O. P. Thompson was elected temporary chairman.

A. D. Cullinane of Havana was chosen secretary. A committee of resolution was appointed including H. M. Levering, W. E. Williams and W. I. Baker. Resolutions were presented by Congressman W. E. Williams, wherein the assemblage endorsed record of President Wilson and congress, expressed a view in favor of the vigorous prosecution of the war and commended Congressman Rainey for the record he has made. These resolutions were adopted by unanimous vote. Afterward Congressman Williams, who is Democratic candidate for congressman at large, made a stirring and patriotic address. The counties were represented by the following delegates:

Morgan—Judge O. P. Thompson, A. M. Calhoun, P. J. Crotty, John Clark, John W. Clary, W. A. Masters, Fred Watson, E. Etter, Elmer Smith, A. J. Gebert.  
Scott—J. W. Kellem, H. J. Rolfe, Joe Mayes, J. M. Overton, Green—E. Z. Cornutt, Francis Prather, Dr. C. R. Thomas, Dr. J. A. Cravens, Oscar McFarland, J. E. Wyatt, Thomas Doyle, Jasper Hutchens, T. A. Bettalis, Henry Bowers.

Jerry—L. J. Powers, Thomas A. Krause, W. A. Spencer, Charles Gilliam and Richard Stephenson.  
Pike—W. E. Williams, Alvin Brant, E. T. Barton, C. R. Barnes, John Knox, L. D. Hirsheimer, Edwin Johnston.

Mason—T. Z. Bell, G. A. Tomlinson, A. D. Cullinane, W. D. Lucas, Fred M. Taylor.  
Menard—H. M. Levering, G. W. Daniels, J. H. Clary and J. S. Hurie.

Brown—W. Y. Baker, P. B. Cronin, Fred Robinson, Daniel Hartman.

**BRITISH PENETRATE ENEMY DEFENSES TO A DEPTH OF THREE MILES.**

(Continued from Page 1)

Fresnoy-le-Petit, Berthacourt and Pontru, and the Australians have occupied Le Verguier, Villere and Hargicourt. The high ground south of Gouzeaucourt has been carried by the British, who reached the outskirts of Villers-Guislain and occupied Gauche wood.

Templeux, Le Guerard, Ronssoy, Epehy and Peiziere have also been taken the troops penetrating to a great depth along the line.

The statement reads: At 5:30 o'clock this morning the troops of the third and fourth British armies attacked with complete success on a front of about sixteen miles from the neighborhood of Holnon to Gouzeaucourt. On the whole of this front our troops, advancing in heavy storms of rain, carried the enemy's positions by assault.

"Sweeping over the old British trench system of March, 1918, they reached and captured the outer defenses of the Hindenburg line in wide sectors."

"On our right divisions composed of English and Scottish troops captured Fresnoy-le-Petit, Berthacourt and Pontru, meeting with resistance particularly on the extreme right of our attack."

"In the right center two Australian divisions captured the villages of Le Verguier, Villere and Hargicourt. Pushing forward with great determination they established themselves in the old German advanced positions west and southwest of Bellecourt having penetrated the enemy's defenses to a depth of three miles."

"In the left center the 7th German yeoman railway division and other divisions composed of east county and London troops captured Templeux-le-Guerard, Ronssoy, Epehy and Peiziere, also penetrating to a great depth."

"North of Peiziere the 21st division attacked over the northern portion of the sector defended by it with so much gallantry on the 21st and 22nd of March. Having captured its old front trenches together with the strong point known as Vacelette farm and beating off a hostile counter-attack it pushed forward for more than a mile beyond this line capturing several hundred prisoners and a German battery complete with its teams, in the course of its advance."

"On the left of our attack other English and Welsh troops carried the remainder of the high ground south of Gouzeaucourt reaching the outskirts of Villers-Guislain and capturing Gauche wood."

"Over six thousand prisoners and a number of guns have been captured by our troops in the course of these successful operations."

**NINE MEN PICKED UP.**  
An Atlantic Port, Sept. 18.—The second officer and eight men of the Portuguese Steamer Lexioes, which was torpedoed near Sable Island on Thursday of last week, arrived today. They were picked up off this coast by a patrol boat. Another boat from the Lexioes, with ten men is still missing.

**CANADIAN CASUALTIES.**  
Ottawa, Ont., Sept. 18.—The Canadian casualty list published today includes the names of the following Americans:

Died of wounds: W. Turner, Chicago.  
Missing: R. Carmenson, Chicago.

## OVERSEAS CASUALTIES

(By The Associated Press)

WASHINGTON, Sept. 18.—Casualties reported by General Pershing of the American Expeditionary forces today were as follows:

Killed in action . . . . . 45  
Missing in action . . . . . 74  
Wounded severely . . . . . 110  
Died of wounds . . . . . 22  
Died of disease . . . . . 8  
Wounded, degree undetermined . . . . . 5  
Prisoners . . . . . 3  
Died of airplane accident . . . 1  
Total . . . . . 268

Illinoisans reported in General Pershing's list were as follows:

**Killed in Action**  
William Schaefer, Pekin.  
Arthur Henry Ohms, Milan.  
James Sasek, Chicago.

**Died from Wounds**  
Walter Klondor, Chicago.  
Norman E. Ofedahl, Chicago.  
Edward Phillip, Chicago.  
Henry J. Hubick, Chicago.  
George Henry Rumbaugh, Chicago.

**Wounded Severely**  
Frank Walter Smith, Chicago.  
Leo W. Strzelec, Chicago.  
Joseph Susterka, Jr., Chicago.  
Albert Walker, Joliet.  
Roy Tyhurst, Annapolis.  
Ivan Gedelman, Melvin.

**Missing in Action**  
Glenn D. Bybee, Fiat.  
Andrew Rudnay, Chicago.  
Edward C. Kirst, Chicago.  
Warren A. Freshour, Aurora.

**Wounded, Degree Undetermined**  
Elmer Banks, Chesterfield.

**MARINE CORPS CASUALTIES TO DATE**

Officers—Deaths, 37; wounded, 64; missing, 1; sub-total, 102.  
Enlisted men—Deaths, 919; wounded, 1,925; in hands of enemy, 11; missing, 151; sub total, 3,006.

Casualties reported yesterday included Don L. Hayward, Sparta, Illinois.

**CLEAN UP CONGESTION**

Vicksburg, Miss., Sept. 18.—To clear up the congestion of cotton seed in warehouses, which is said to have become serious, all cotton gins in Mississippi will cease operations for a period of ten days, beginning tomorrow, midnight, at the direction of P. M. Harding, state food administrator.

## SAVE THE WASTE!

One hundred million cups of coffee are used daily in the United States.

Seventy million cups of tea are used daily in the United States.

If an average of one-half teaspoonful is left undissolved at the bottom of each cup of tea and coffee, the waste would be 1,700,000 pounds of sugar daily.

Use less sugar but stir it until all is dissolved. It is estimated that one-half to one-third of all sugars used in the homes is used in tea and coffee. Think it over; how is it in your home?

Remember the sugar allowance is two pounds per person per month. One level teaspoonful or one lump of sugar per meal will equal one pound for the month. The other pound is for cooking purposes during the month.

UNITED STATES FOOD ADMINISTRATION, Illinois Educational Division

## Pimples and Skin Eruptions Danger Signs of Bad Blood

It May Mean Eczema, Scrofula—The First Sign of Inherited Blood Disease

Pimples, scaly itching skin, rashes, burning sensations and scrofula denote with unfailing certainty a debilitated, weakened and impure state of the blood.

The trouble may have been in your blood from birth, but no matter how you were infected, you must treat it through the blood. It is a blood disease. You must use S. S. S., the standard blood tonic for 50 years, if you expect certain relief. For purifying the system, nothing is equal to it.

The action of S. S. S. is to cleanse the blood. It soaks thru the system direct to the seat of the trouble—acting as an antidote to neutralize the blood poisons. It revitalizes the red blood corpuscles, increases the flow so that the blood can properly perform its physical work. The dull sluggish feeling leaves you—the complexion clears up. Even long standing cases respond promptly. But you must take S. S. S. Drugs and substitutes won't do. Get S. S. S. from your druggist. If yours is a special case, and you need expert advice, write to Medical Adviser, 444 Swift Laboratory, Atlanta, Ga.

## Names of Men Registered For Army Service Sept. 12

(First installment)  
The Morgan county local board is progressing steadily with the work of copying the cards of all men registered Sept. 12. Serial numbers have been assigned and the names of the 3,447 men will be published in installments. Chairman Weir spent several hours in "shuffling" the registration cards so the first list includes names from all parts of the county. The questionnaires will be sent to the men at the rate of one-tenth a day. Under recent order from the government questionnaires will be sent for the present only to registered men between the ages of 18 and 36. The names of registered men thus far available for publication appear below. The list includes 372 names.

1. Iven Wood Cox, R. R. 3, Franklin.
2. Joseph Kiehrer, R. R. 3, Franklin.
3. Charles Pate, Pisgah.
4. Albert James Antle, R. R. 3, Franklin.
5. Thomas Holtzman, R. R. 5, Jacksonville.
6. Marion Ashman Cline, R. R. 5, Jacksonville.
7. Frederick Flanagan, R. R. 1, Prentice.
8. Horace Wootson Simpson, R. R. 1, Prentice.
9. Stewart Samuel Ruble, R. R. 1, Prentice.
10. Ernest Franklin Lockett, Prentice.
11. John Patterson Bevier, Prentice.
12. Archie Norris, 601 N. Main street, Jacksonville.
13. Louis William Hudson, 112 N. Church street, Jacksonville.
14. Llewellyn Luther Logsdon, 805 N. Main, Jacksonville.
15. John Frederick Prewitt, 718 Ashland, Jacksonville.
16. Ashel Calvin Hayens, 520 N. W., Jacksonville.
17. Floyd Earl Butcher, 741 N. W., Jacksonville.
18. Charles DeSilva, 806 N. Church, Jacksonville.
19. Edward William Joyce, Douglas hotel, Jacksonville.
20. Fred Leonard Mount, 814 N. Church, Jacksonville.
21. John William Rutherford, 342 N. West, Jacksonville.
22. Clarence Milton Reid, 341 W. Lafayette, Jacksonville.
23. Edward Claude Aldrich, 868 N. Church, Jacksonville.
24. Otto Louis Domko, 594 N. Fayette, Jacksonville.
25. William Guy Bennett, Alexander.
26. Alfred Gerhart Brockhouse, Concord.
27. Elza Curtis Perry, Concord.
28. Bert Way, Concord.
29. Bert Nelson Smith, Concord.
30. James Bell, Concord.
31. Stephen Jefferson Trout, Concord.
32. Herman William Boehs, Chapin.
33. Henry Tiemann, R. R. 1, Chapin.
34. Charles Ernest Sanders, Concord.
35. John Edwin Kirkpatrick, 221 Webster, Jacksonville.
36. Clement Hubbard Bradley, 662 Caldwell, Jacksonville.
37. Morse Truman Updegraff, 513 Sandusky, Jacksonville.
38. Earl William Franklin, 539 W. Lafayette, Jacksonville.
39. Philip Day, 764 W. Lafayette, Jacksonville.
40. Parker Baird Moses, 591 N. Fayette, Jacksonville.
41. Oliver Lee Baker, R. R. 5, Jacksonville.
42. Henry Martin Smith, R. R. 3, Franklin.
43. Ora Harris Wilson, Pisgah.
44. Silas Milton Elmore, R. R. 5, Jacksonville.
45. Frederick Henry Hagen, R. R. 6, Jacksonville.
46. Asa Williams Kroush, R. R. 1, Franklin.
47. Richard Benjamin Oxley, R. R. 5, Jacksonville.
48. Samuel John Crum, R. R. 3, Franklin.
49. Albert Harold Spreen, Y. M. C. A., Jacksonville.
50. William Stephen Ehnie, Jr., 703 S. Main, Jacksonville.
51. Leslie Hardin Seymour, 229 W. College street, Jacksonville.
52. Andrew Jackson Patrick, 314 W. College avenue, Jacksonville.
53. William Francis Kitchen, 222 W. College St., Jacksonville.
54. LeRoy Ellsworth Ticknor, 643 S. West, Jacksonville.

### A TEXAS WONDER

The Texas Wonder for kidney and bladder troubles, gravel, diabetes, weak and lame backs, rheumatism and irregularities of the kidneys and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1.25. One small bottle is two months' treatment and often cures. Send for sworn seven testimonials. Dr. E. W. Hall, 2926 Olive Street, St. Louis, Mo. Sold by druggists.—Adv.

## Safe and Consistent

That is principle underlying the Armstrong Drug Stores' business. It is to sell goods at the lowest price consistent with SAFETY. All the power of our business is applied to that purpose. It is our first thought. Has always been; always will be. Whatever else we may do, there is, to our notion one thing we can't afford to do and that is to be anything but SAFE and CONSISTENT. We are always alert to sustain our leadership in that respect. It should be your desire to be always safe.

Depend on our Drug Stores and you will be consistently safe!

### A SLIGHT OMISSION.

Last Sunday evening Rev. W. E. Collins delivered a fine address on his work and experiences at Camp Grant, giving a vivid picture of men and things at that prominent gathering place of the nation's defenders but one who has been there and fully knows tells the Journal that the reverend gentleman omitted to remark one fact and that was the wonderful power he had over five thousand colored men, some of them uncouth and uneducated as are so many of both colors.

The informant said Mr. Collins seemed to have almost a hypno-tic influence over the men win-ning them to him for good and helping them make men of them-selves. Many of the things he taught them and entertainments he planned so well and carried out; many of his good precep-tions and suggestions are still with the men.

Mrs. Cecil Wright and daughter Dorothy and sister Miss Verna Rohn of Beardstown visited with Mrs. W. F. Holscher yesterday.

FROM COUNTY AGENT'S OFFICE

Morgan County Will Increase Wheat Acreage

The county agent recently asked twenty representative farmers, as he met them on the street in the office, for their total acreage for 1918, and what they were planning for 1919. In

OLD-FASHIONED REMEDIES

Grandmother's remedies compounded from the medicinal roots and herbs of the fields are now found upon the shelves of the modern drug stores in attractive packages and are among the best sellers in prepared medicines. Prominent among them is that famous old root and herb remedy, Lydia E. Pinkham's Vegetable Compound, which has been relieving the women of America from the worst forms of female "ills" and is now considered the standard remedy in its line.

MAKE IT EASY For the Housewife

Our sales on Gas Engines prove to us that the housewife is being thought of. We have sold more gas engines this year than the combined sales of the past five years

This proves VALUE and SERVICE are combined in our line. Our old motto: "A Square Deal and One Price to All" is also proving the only way to do business.

Buy a Gas Engine, power Washing Machine, Pump Jack, Grinder and Corn Sheller and be as good as your neighbor

More Value for Less Money whenever you trade with

WHERE QUALITY, RULES AND SERVICE IS KING!

every case these farmers were planning for an increased wheat acreage for 1919. This increase ranges all the way from 10 to 100 per cent. While these farmers seemed to take pride in doing their bit for the Liberty Harvest in 1919.

Charles F. Mackness had reports a few days ago indicating that 940,000 bushels of wheat had already been threshed in Morgan county, with some stacks still unthreshed. If these reports of the farmers are any criterion, Morgan county is making a big start for a record breaking acreage next season.

Lining the Land

Ground limestone has shown beneficial results this season on all crops, especially wheat. This increase has ranged from 6 to 10 bushels in the case of wheat. In one case in Morgan county it plainly gave a gain of nine bushels per acre as well as resulted in a stand of clover. Clarence Hawker, of the Franklin community, C. P. Mills of Bluffs, Lester W. Reed, Dr. Grace Dewey, J. Frank Strawn and Mrs. W. S. Jones have either added ground limestone to their farms or are arranging to do so. This move is the first step needed

on most of our soils for general soil improvement.

Profit Sharing Leases

Inquiries have recently been made for profit sharing leases in which the landlord furnishes the land equipment and capital and the tenant the labor. After investigating what has been done in Iowa and Illinois farms have been secured that seem to cover all the details of this system. If any of our Morgan county farmers are interested in this method of operating farms, these forms may be seen at the office.

**Buy an OIL HEATER, save coal, save money. Less work, neat when you want it and where you want it. Just the thing for this season of the year. All sizes at**  
**BRADY BROS.**

CARD OF THANKS

We wish to thank the many friends and neighbors who assisted us so kindly during the illness and after the death of our wife and mother.

Phillip Hopper and Family.

**LADIES' AID MEETS**  
The Ladies' Aid society of the Church of Our Savior will meet this afternoon at 3 o'clock at the K. of C. hall.

FOOD SLOGANS

"Wheatless" days and "wheatless" meals are no longer in existence, but one pound of cereal substitutes must be purchased with every four pounds of wheat flour.

Patriotic housewives use Victory Mixed Flour.

The millions of men in the trenches can not produce food. Those at home must double their energies to make up the shortage.

Every dinner table wherever people eat.

Will help decide the verdict,—victory or defeat.

Amid the din of all the drives, don't ignore the still small voice telling you to save food.

Follow the official Fair Price List of Foods in the daily newspapers. It protects both the consumer and the fair profit merchant.

To give up a little sugar, a little wheat, and a little meat is but a small payment for you to make to the man who offers his life for you.

To save food is to save money; to buy Liberty Bonds is to invest money; to be a soldier or sailor is to die, perhaps. Doesn't our part look easy? Save food.

Food's part in winning the war is showing great results. Let's press our advantage! Save wheat, meat and sugar.

Prepared by the U. S. Food Administration, Illinois Division, Sept. 4, 1918.

**Favorite Hot Blast Stoves for soft coal, burn the smoke and gas, making a big saving in fuel**  
**BRADY BROS.**

DAVIS SWITCH

Charles Watson was a Tuesday shopper in the city.

Mr. and Mrs. C. A. Reid from north of city were Sunday guests of Mr. and Mrs. Rex Ranson southeast of city.

Among the city shoppers Saturday were Mr. and Mrs. William Paul, P. J. Wouff, John Cain, S. M. Butler and Mr. and Mrs. Dick Butler, all of the south part.

New Fall Fashions

--and in the Fall

**A Woman's Fancy Turns to Thoughts of NEW SUITS—** and she will find the handsomest of all new models here at Deppe's Store. There is something distinctive about the trimness of the skirts in the new suits of velours, broadcloths, duvetyns, Bolivias and silvertones. The fingertip and longer coat lengths carry an atmosphere of grace which is further enhanced by rich fur trimmings. A display that will delight the most fastidious.

\$29.50 to \$75.00

**NEW COATS—**These recent arrivals speak eloquently of rich fur collars and fur cuffs; they tell of new ideas in belts and pockets; they bring new ways of beautifying coats with buttons and trimmings. Prices range from \$25.00 to \$45.00.

**NEW DRESSES—**Beautiful models of wool, of jersey, of tricolette and silk are shown in so many striking styles that YOUR individual taste is sure to be gratified. You'll find the most becoming of necklines; shapely close-fitting sleeves and skirts in unusual effects — \$19.95 to \$39.50.

**NEW BLOUSES—**You'll take particular delight in our showing of lovely new blouses. Most notable features are the novel treatment of collars and cuffs. White and flesh tones predominate. \$3.95 to \$12.00.

**New SEPARATE SKIRTS—**Whether your preference is for a sport skirt—one for general wear or for informal dress wear, you'll find the one you like best here. \$4.95 to \$20.00.

**WILL PROPOSE BOYCOTT  
AGAINST GERMANY**  
Cleveland, O., Aug. — Acting  
upon a request from the British  
Seamen's Union, Great Lakes  
seamen's union convention at  
Georgetown, December 2, will pro-  
pose a boycott against Germany  
and German seamen after the  
war, according to George L. Mar-  
tin, Cleveland representative of  
the union, who said that the 21-  
000 members who man Great  
Lakes shipping favored the proposal.  
The plan already adopted by  
the British and French sailors  
because of the German navy's  
atrocities against commercial  
craft, extends the boycott for  
each attack on unarmed vessels.  
Attacks to date would give the  
boycott a period of several years  
after the signing of peace.  
It is proposed that American  
seamen refuse to work or sail on  
ships with Germans or to carry  
merchandise by ship to German  
ports.

Two Hundred Pairs of Hands  
to Make a Pair of

## Walk-Over SHOES

Each pair of hands is controlled by a brain. Brain and hand trained to making shoes to fit— to putting first-day-satisfaction into Walk-Over shoes—that is the service the Walk-Over factories give you.

Walk-Over Boot Shops everywhere offer you a further extension of that service. We carry a stock large enough to make a satisfactory fit a simple, easy matter.

The satisfaction that our customers have learned to take as a matter of course is really the result of years of specialization and co-operation between Walk-Over Shop and Walk-Over factory.

HOPPER'S

### ILLINOIS COLLEGE OPENS 89TH YEAR

Opening Exercises of a Very Impressive Nature Addressed By President Rammelkamp. Capt. Steinbrenner Made Brief Remarks.

The 89th year of Illinois college began yesterday morning under circumstances much different from those which surrounded the first year. The students who confronted the nine young men who formed the first class to recite in that now venerable institution. On the rostrum sat a captain of the army in addition to instructors and ministers of the city and the exercises were of a peculiar character.

President Rammelkamp read an invitation from the Baptist church to the students to be at home there and Rev. E. B. Landis on behalf of the ministers of the city made a like announcement. An invitation from Prof. and Mrs. Ames was read to all students asking them to call at the Ames home from three to six each Sunday afternoon and be perfectly at home there and Mr. Whistler asked all to get together at the gym at 7:30 p. m. "America, My Country" was then sung, scripture was read by Rev. E. B. Landis and prayer offered by Dean Hayden and the college quarter, Robert Shoemaker and Willard Wesner. Misses Doris Scunman and Lucile Baker, sang a number after which

President Rammelkamp, made his opening address saying in part:

"Illinois College opens this year under very peculiar circumstances. Few ever thought four years ago when war was declared by Germany that our country would so soon be engaged and that twenty of the men who sat before me in Sept. 1914, would now be in active service and nearly all of them in cantonments in this country.

"Last September, five months after our country had declared war, few realized what it would mean to us and I shall not forget the incredulous smile on the faces of the academy girls when it was suggested that we might have to eat oleomargarine instead of butter. As we are called to special duties and commands let us respond cheerfully to the service of our country. Three weeks ago we thought it doubtful if we would open the dormitory at all as we looked for an attendance of a good number of girls and a few boys but today a glance at the door will show it very much open.

Registration. At present we have 180 enrolled in the college and may confidently expect 200, a larger attendance at the beginning of the year than ever before. I have with me the enrollment of each beginning since 1905 when I began my duties here and find a gratifying increase right along.

"In the army unit training corps 113 have enrolled and we shall probably have from 12 to 20 more.

Welcome to All. "To all today and especially to the new students I tender cordial welcome and hope you will all accept the invitations of the churches and faculty. The good people of Jacksonville have ever had a deep interest in the college students and it will not be relaxed this year.

"I welcome the new members of the faculty and am glad there are many of them from those who are here we may look for the best results. Mr. Potter may go to the navy and his departure will make a hole hard to fill the year dropped from the curriculum of Whipple Academy will make his presence less necessary.

"In the conservatory there have been no changes except that Miss Butler has changed her name to Mrs. Lieut. Emmett Keating, senior grade. I welcome Capt. Steinbrenner and hope all will realize the great importance of strict obedience to his orders. The military call is for the best men. The men of Illinois College have made a fine mark in Northwestern University where out of 125 men but ten made a mark of perfect, between nine and ten, four were from this college.

Hopes for the Year. "I hope this will be an inspiration to others to do their best. From President Wilson down to

the directors of our country schools, comes the urgent appeal to maintain our educational institutions which is all important.

"Those who enlist in the military unit have the opportunity of their lines. When a colored man at Camp Grant received the best clothes he had ever worn, a long free ride the best fare he had ever enjoyed and with it all \$30 a month he cried out 'Why wasn't war begun long ago.'

"You who enlist will have army pay and clothing and superior instruction. You must not expect commissions as for them you must compete with others, some perhaps who have not been to college. Your disposal after you have completed your course, or even before, be decided by the rules of the army which I will read to you. There are five classes into which you will be divided, to which you will be assigned.

"The officers' training camp, the highest.

"The non-commissioned officers' training school.

"School for intensive training.

"Vocational training.

"To cantonments.

Responsibility of the College

"While our responsibilities are great so are those of the college and faculty and we shall do our best to discharge them aright.

"We are glad to have the opportunity and shall try harder than ever to do our full duty and maintain the high standards of the college. There is great trouble when a man is wrongfully certified and obtains a place for which he is not fitted and we shall try to avoid that. It will therefore be necessary for you to strive to the utmost to maintain yourselves in every way and be true soldiers.

Discipline Necessary.

"It will be more important than ever to maintain strict discipline. To the girls I will say that great responsibilities rest on you also and the need of discipline. The country needs intelligent nurses and women in the departments. It is all important that you learn fully domestic science, intelligent house-keeping and methods of food conservation and preparation. In short: there is something all may do to help win the war.

Athletics. "What will happen to athletics as a result of military training is as yet uncertain. We shall do what seems best and all we can for the physical welfare of all the students in the college. Do not forget the spirit of the college. The devotion of the former students is beautiful. On my return from my vacation I found a huge pile of letters from former students awaiting me and I read them with deep interest. The 250 stars in our service flag show the loyalty and devotion of our student body and the number will be increased as the years go by. Remember too to cultivate a true spirit of Christian manhood and womanhood and may God bless you and help you to be better students, better soldiers and better citizens."

Captain Steinbrenner. Was then introduced and received the audience standing and with hearty cheers. He said in brief:

"As a former student of Northwestern University and a graduate of the Wisconsin State University I know something of student life. This is the greatest opportunity college students ever had.

"You who will be accepted in the military unit are soldiers in the regular army of the United States with pay and discipline also. I shall expect to maintain strict military rules and a guard house if needed which I hope will not be the case. I have charge of this college and Milliken University and there will be many more here than here you will have a better opportunity to get good results.

As you have an enviable record in the athletic field so I hope there will be keen competition in the military field also and that you will uphold the reputation of the college. There will be men here from Washington inspecting you and if you fail to do up well they will wonder what is the matter. I want to see all at one today and that doesn't mean a minute after either and as the men at the cantonments say to the new recruits, 'You will like it.'

A hymn and the benediction by Rev. M. L. Pontius ended the exercises.

Jacksonville Lodge No. 570, A. F. & A. M., will hold a stated meeting to-night at 7:30 o'clock. Visiting brethren welcome. N. Kuykendall, W. M. E. L. Kenney, Sec.

ILLINOIS COLLEGE CONSERVATORY OF MUSIC The Conservatory will have this year the same strong faculty which has brought such pronounced success to the school during recent years. Registration at Academy Hall, Sept. 16 and 17. Director Kritch will be glad to confer with any students who wish to reserve time with the instructors. Call college office, both phones 454, or Conservatory office—Illinois 105, Bell 495.

JAMES DONOVAN SUFFERS FRACTURED LEG. James Donovan of Anna street was brought to Passavant hospital Wednesday afternoon suffering with a fracture of the left leg below the knee. Mr. Donovan has been employed by the Chicago and Alton railroad and was engaged in work on a bridge in Missouri when the accident occurred. He was given the necessary attention by Dr. D. W. Reid, assisted by Dr. W. L. Frank.

WANTED FORD MECHANICS. C. N. PRIEST, The Ford Man

### JOHN W. WIDENHAM FALLS TO DEATH

Former Jacksonville Man Is Killed When Airplane Crashes to Earth in Side Slip—Accident Occurred Near Fort Worth, Texas—Another Officer Killed at Same Time.

BULLETIN. FODRT WORTH, Texas, Sept. 18.—Second Lieutenants James L. McKeever of New York City and John M. Widenham of Los Angeles, Calif., both stationed at Love Field, Dallas, Texas, were killed late today when their airplane went into a side slip and crashed to earth twelve miles north of here.

John M. Widenham was the son of Dr. J. C. Widenham and was born in Jacksonville and most of his life was spent here. He graduated from Jacksonville high school and from Illinois college in the Class of 1913. Following his graduation at Illinois college Mr. Widenham entered Harvard law school. After a year there he went to California where he has since resided, his family having moved from Jacksonville to Los Angeles. Dr. Widenham retained his dental office here during his time between here and California until a year ago when he disposed of his practice to Dr. Mason.

John Widenham was about 27 years of age. During his school career he won fame as an athlete and was a star foot ball and base ball player at Illinois college. He was a young man of fine character and was making good in the air service, having won his commission. His untimely death will be received with regret by his many friends.

Mr. Widenham is survived by his parents and one brother Allen Widenham and two sisters, Madge and Ruth Widenham, all residing in California.

Jacksonville Chapter, No. 3, R. A. M., will hold a special convocation Friday evening at 7:30 o'clock. Work. Refreshments. Visiting companions welcome.

William Fairlee, E. H. P. John R. Phillips.

THE UNITED STATES

Is calling for peach stones, walnuts, hickory nuts and all kinds of pits in fruits.

The C. C. Phelps Dry Goods Company is collecting these stones for the government. If you have any of these nuts or pits, phone us, no matter where how small the amount and our delivery car will call for them. Do your bit and do it NOW. C. C. PHELPS, Dry Goods Company

"Fourth Liberty Loan starts September 28th—get ready."

PATRIOTIC LEAGUE NOTES.

Rev. W. E. Collins has promised to lead the singing which is causing great rejoicing among the members.

The league has been fortunate in securing leaders in the various departments; Miss Willa Miller, folk dancing; Mrs. Sulby, millinery; Miss Edith Jordan, swimming; Lieut. Wesley James, military drill.

The class in military drill will meet at the David Prince gymnasium Friday evening at 7:30 for drill.

Any person wishing to join can do so at that time by signing the pledge.

A general meeting Monday evening at the David Prince building at 7:30 for the election of officers.

Membership of the second 91; of fourth ward, 137.

A BAD LEG. Marvin Thompson of Alexander was able to be in town yesterday though he still has to go on crutches. Several months ago he was kicked by a horse on the right leg below the knee and somehow the wound failed to heal as it should. Mr. Thompson says it is rather hard luck for a man who has gone thru safely what he has, to be kicked by an ordinary horse when he is 65 years old. When he was but fourteen, he worked on a high railroad bridge and had broken any number of refractory colts and done lots of other dangerous things without mishap.

"Fourth Liberty Loan starts September 28th—get ready."

A WONDERFUL CRIPPLE.

Astonishing strides have been made in the work of enabling cripples to earn a living and one of them is recorded in a recent number of the Outlook. His name is James J. Wilson of Youngstown, Ohio. In the spring of 1916 he lost his left hand above the wrist and all the fingers of his right hand. He can put on his collar and button, tie the necktie, can manage to cut meat at the table, shave himself with a safety razor, use a pen, is taking a regular course in an academy, use a typewriter slowly and do a great many more things.

DR. DEWEY GOES TO JOHNS HOPKINS Dr. Grace Dewey left the city last night for Johns Hopkins hospital, Baltimore, Md., where for a period of some weeks she will devote herself to advance research work.

LADIES' AID: CATHOLIC CHURCH.

The ladies' aid society of the Catholic church will hold their meeting at three o'clock this afternoon in K. C. hall; a full attendance is desired.
